**Map your career. Land that dream job. Be the most effective you. Create your own leadership opportunities. Master verbal and non-verbal communications. Change up your work world!**

Oregon Bio invites women and advocates to engage in career development with a twist on June 27, hosted at Genentech. We'll hear from leading women beginning with Oregon Bio Executive Director Liisa Bozinovic. Our esteemed keynote speaker, Dorota Shortell, CEO of Simplicity Product Development, an engineer by training who has been voted as an Executive To Watch, will bring her wisdom on moving to growth and success via her participation in Stanford University's Vistage Executive Leadership Program.
